Spotlight On

GRADE 3

Grade 3 students had a fantastic month after the break! They returned to school ready to learn and impressed us by mastering their multiplication and division facts in math, especially while playing our new favourite game, Around the World.

In Social Studies, students proudly showcased their learning by creating posters about French Canadians in Château-Richer. In Science, we wrapped up our Structures unit by exploring stable structures and learning about the differences between built and natural structures.

Students have also been enjoying cooking classes with Sr. Shaima and library activities with Sr. Yasmeen. In the classroom, Grade 3 had a wonderful time creating postcards for Heritage Day where they proudly shared their countries' cultures and traditions. Heritage Day was a blast and truly a memorable experience for everyone!

—Sr. Ayah

LIBRARY CORNER

Retelling "The Mitten" and counting animals entering the mitten are some of the activities the students enjoyed after our read aloud of "The Mitten."

In "Snowmen at Night," the snowmen came to life at night. The students created their own scenes and used magnets to move their snowman.

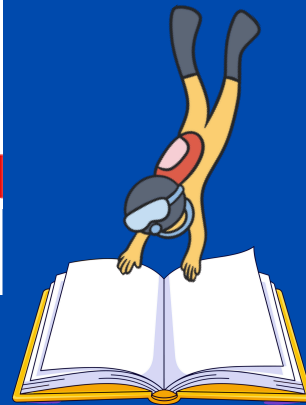

All the classes sampled different genres in our second Book Tasting. Students visited tables to explore various books while the younger students had a Reading Chairs activity.

SCHOLASTIC BOOK FAIR

February 9-12, 2026

Class visits:

Monday, February 9

Grades 1 & 2 10:45-11:15
